Stony Lonesome Bicycle Loop

Route Description

Get off your asphalt! This spectacular half day of mountain biking is on mostly remote, unpaved roads, with a variety of hills and valleys, open and wooded terrain, marshes, ponds and streams.

This was formerly mining country and the ruins of forges, mills and railroad beds can be spotted along the route. Pieces of glassy blue “slag”, a by-product of early blast furnaces, can be found along the road.

Stop at the Penfield Museum to learn more or take a swim or a nap at Penfield Pond. Keep an eye out for nesting osprey and wear orange during hunting season.

Safety Guidelines

Motorists and bicyclists share scenic roads. Use caution on narrow, winding or unpaved roadway. Follow traffic laws and ride safely. Bicycles are vehicles by law and have the right to use public roads. You are responsible for operating your bicycle under all conditions.
